

## Digital Citizens Project

We want to make sure you can use technology in a way that is safe and supports your wellbeing.

To do this we would like to understand how you are using the internet, what we can do to help you to keep yourself and others safe.

We would like to work with you to try a new way of working out your goals for using the internet and technology, and anything we can do to help you be safe and empowered.

The only people who will see your answers is \_\_\_\_\_

You need to let us know that you are happy for us to do this with you.

It is fine if you say you don't want to do this, but if you are happy to, then please sign below.

Do you want to take part in this new way of us supporting you with using the internet and technology?
